

What does the WAGES Weatherization Program do?

- Educates clients in safety and energy efficiency
- Professionally evaluates single family dwellings (houses and mobile homes) for safety and energy efficiency
- Tunes, repairs or replaces heating and air systems as needed
- Insulates attics, floors and walls as needed
- Makes minor repairs to homes for health and safety reasons
- Installs smoke and carbon monoxide detectors
- Performs base load and general heat waste measures like:
 - Install compact fluorescent lights, wrap water heater, pipe insulation, low flow shower heads, and furnace filters
- Insulate attic, walls, and floors
- Install ventilation such as bathroom vent fan

What do home inspections include?

- Test for gas leaks, carbon monoxide, and other health and safety issues
- Check combustion appliances such as stoves, furnaces, and water heaters
- Check for air infiltration / drafts
- Check for attic, wall and floor insulation
- Check for leaky ducts and proper ventilation

THE WAGES WEATHERIZATION PROGRAM IS NOT A HOME REHABILITATION PROGRAM. WE DO NOT:

- Make major home repairs such as new roofs, new floors, plumbing, electrical work
- Build additions
- Paint (other than areas disturbed by weatherization work)
- Lay carpet
- Remove lead based paint, asbestos or mold
